

Alton Climate Action Network

Never heard of us?

Find out who we are, what we can do for you and what you can do with us, by joining our online introduction to ACAN and its groups

at 7:30pm on Thurs 3 Feb 2022

 altonclimatenetwork@gmail.com for the Zoom link

Since 2019 ACAN has brought people in Alton and the surrounding villages together, to take action to improve biodiversity and reduce our carbon emissions.

ACAN is all about positive community action.

Turn over for a list of the groups in our network, set up by like-minded people to help us all to reduce our impact on the planet and restore the natural world.

We organise talks on a wide range of environmental topics and have stalls at local community events.

Email us to receive our newsletter and keep in touch.
