bay outside Costa  
Coffee at the  
Classic Car Show  
from 10am - 4pm  
Sat 18th Sept

---

## Call to Action

*We all know we need to act now, especially after the sobering UN Climate Report issued on Monday.*

We in the ACAN lobbying group are considering how best to respond to the report and what we can most usefully do to ensure our government, both national and local know they can delay no longer. We must demand they think big and act fast. We will be issuing a call to action later in the month. In the meantime if you wish to get involved there is no better time than now.

Here in ACAN we have quite a [range of groups](#) already set up and many more ideas of things we would like to do if we had more volunteers, and you may have ideas of your own you would like to pursue.

It doesn't matter how much or how little time you can spare we have volunteering opportunities to suit.

To get involved do fill in our [volunteers form](#)

Or just email [altonclimatenetwork@gmail.com](mailto:altonclimatenetwork@gmail.com) and let us know what you would like to do.
